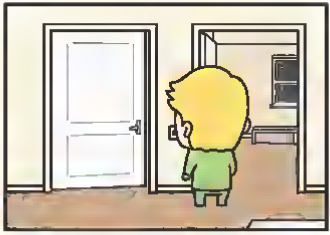
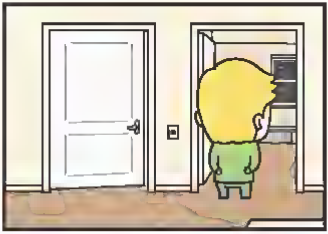
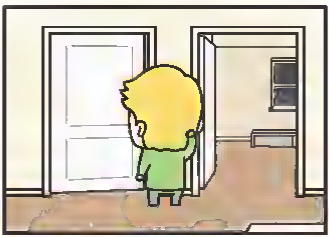
His Enlightenment

One evening after we come back home from a day out.

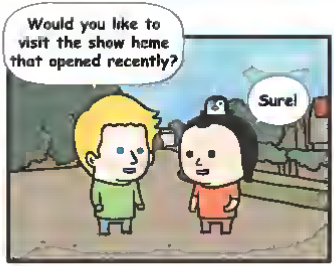




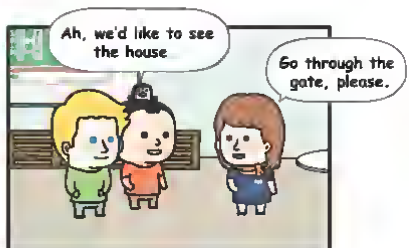


Mev thought.

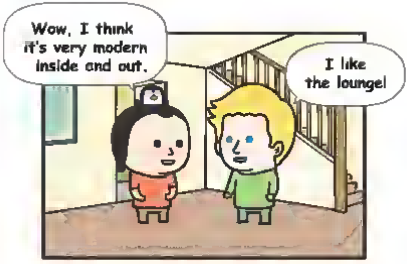
A few hours ago



Would you like to visit the show home that opened recently?
Sure!



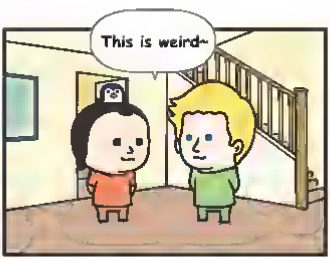
Ah, we'd like to see the house
Go through the gate, please.



Wow, I think it's very modern inside and out.
I like the lounge!

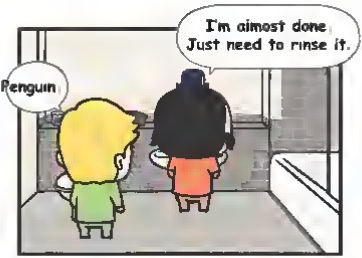
But don't you think 3 bathrooms and 1 toilet are too many for a 5 bed house?
Yeah! Too many!

I think that's nowadays trend. I think 2 bathrooms are enough far a 4 member family
I think 1 is fine still

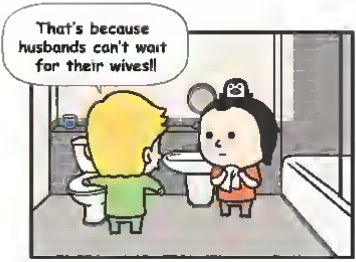


This is weird~

Mev realized



I figured why there were so many bathrooms



That's because husbands can't wait for their wives!!

Oh my god
Imagine, if we have
2 daughters.

And you taught
them how to wash
their face.

If we have only 1 bathroom like now...

He cried out.

That's not good...
